- Water Curtain
- Ice Tray
- Height Adjustable Feet
- Night Light

INCLUDES
- Desktop AC x 1
- Power Wire x 1
- Ice Tray x 2
- Water Curtain x 1
- Manual x 1

SPECIFICATION
- Working Voltage: 230V
- Input Power: 60W
- LED: 3W
- Water Capacity: 2.6L
- Water capacity of ice tray: 150mL

TIPS
1. The Desktop AC should be placed on a flat surface to avoid water leaking.
2. For best cooling results, place the water curtain and also have the ice tray frozen with water before use.
3. Create the extra ice tray so that you have a spare on hand when the first one melts.
4. When not in use, please turn off the Desktop AC and then unplug the power cord.
5. Avoid inserting any objects into the fan blades while it is on to prevent damage to your and the device.
6. When cleaning and maintaining the device, make sure to switch off the device before unplugging the power cord, wait until the fan blades have stopped moving.

CARE AND CLEANING
1. We recommend weekly cleaning of your water curtain to maintain its best performance.
   - Hard water with limescale and limesalt may be used. Do not use hard water, mineral water, or steam to clean. Remove the limescale water and limesalt.
   - Replace with phosphate water curtain every 34 months.
   - If the Desktop AC is not in use for a long time, please clean the water in the water tray and keep the water curtain as dry as possible.
